

**KEY SOLUTION**

# Custom Services

Customs is one of the most complex aspects of global logistics. Superior planning, production efficiency, and global transport can be swiftly interrupted without the right freight partner for country compliance. Every country has their own specific requirements including documentation, certification, and any other details for smooth entry and release of merchandise.

## Simplify trade compliance with our team of experienced customs professionals.

Our team of licensed customs brokers have the knowledge and experience to guide you through every aspect of the Colombia customs process. Whether you need a helping hand with product classification, questions about FDA, EPA, ATF or other regulated commodity segments, or concerns about the future of your commodity imports in a constantly changing world, we are here to help. Our support empowers you to operate at a global scale.

### END-TO-END SOLUTIONS

Customs house brokerage is just one of the many solutions we offer. We can combine services to create one connected supply chain solution for your business. We provide economically bundled services such as transloading, warehousing, drayage, e-commerce fulfillment, truck load, less than truckload (LTL) services across the country, direct to store and home delivery along with many other value-added services and solutions.

## Why with Us?

Our team is devoted to providing each client with the tools, knowledge and know-how to be fully prepared for entry and to help minimize costly delays and obstacles during the entry process.
