

KEY SOLUTION

Land Transportation

We can help you optimize your overland logistic flows, whether it be by truck or train. Tell us your transportation needs and we will contact you to give you solution.

We provide flexible, effective, customized surface freight services solutions to our customers.

We offer an array of Land Transportation services 24x7 to any place. We have a reliable local and national land transportation service that ensures safe and timely delivery of shipments. Any inland movement of merchandise requires a sturdy and smooth surface transport system and this area too comes under our specialized supervision.

Our team ensures a secure logistic support to all its customers. Applying the supply-chain management system, the Land Transport Team uses a state of the art time bound movement track utility for a robust deployment of its activities

- » Dry, frozen, and refrigerated truckload
- » LTL service including online pricing, booking, and tracking
- » Local, regional, and long-haul drayage
- » Flatbed, drop-deck, and double-drop trailers
- » Over-dimensional, heavy haul, and expedited shipments

Why with Us?

Our challenge is to minimize costs, improve transport efficiencies, overcome trade, technical and paper barriers, and apply improving technologies to ensure delivery of shipments in the time allotted.
