

KEY SOLUTION

Ocean Freight

Ocean transport is the best alternative for transporting large amounts of freight at competitive prices. At InterFreight we provide a service of ocean freight in containers adapted to the needs of your shipment. We work with a variety of shipping carries and charter all or part of ships for transporting any type of material. Besides, we'll help you to choose the best transport option for your goods.

We provide shipping services across the world.

We are experienced in handling the formalities and documentation required for your imports and exports to ensure that they circulate freely and arrive at their destination. We work with all international ports to guarantee that your load will safely reach any part of the world by sea.

Our Services & Expert Approach

Our team can handle all your requests, from door-to-door and import/export services, to cross-trading and integrated logistics, thanks to the synergy with the most qualified international transport and logistics companies. We can guarantee transports across the globe and fast delivery. Our sea freight transport services, which often need to be integrated with road freight transport and logistics, stand out for quality, cost, and timing.

Why with Us?

Ship your cargo with the confidence that comes from using an integrated carrier with over 10 years ocean freight and vessel experience.
